| LEVEL D2 PTV STATION RECORD SHEETS | Page 42 |

PHASE C – PVT STATION RECORD SHEET

| | |
|---|---|
| D-1 | MOUNTING AND DISMOUNTING |
| Features | Safe enclosed area with adequate personal to help small/inexperienced riders and ready to control horse in failed efforts. |
| Equipment | Station number; four appropriate markers for the zone; mounting block. |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. |
| Important points to look for | Calmness, obedience and willingness of horse to stand. A regard for safety on part of rider. Ability to mount safely and with due care for the horse. |
| Faults to be avoided | Refusal to stand. Falling out of stirrup, losing control of reins. Dangerous conduct on the part of horse or rider. |
| Elimination | For safety, inability to mount or loss of control of horse. |
| <p>Faults 0 – Accomplished, horse mounted on first attempt. Mounting block is acceptable for small riders on large horses. Faults 1 – One failed attempt: unable to get up on horse. Help in controlling horse for safety is not a fault. Faults 2 – Two failed attempts. Faults 3 – Three failed attempts. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | |

| Marking Scheme | | | | E+S-P If E=zero, total must be zero Cannot be < zero |

PHASE C – PVT STATION RECORD SHEET

| | | | | | |
|--|--|---|--|--|--|
| D-2 TIGHTENING GIRTH WHILE MOUNTED | | | | | |
| Features | Safe enclosed area with adequate personal to help control horse if required while tightening girth. Western rider may dismount. | | | | |
| Equipment | Station number; four appropriate markers for the zone. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to stand. A regard for safety on part of rider. Ability to tighten girth with due care for the horse. | | | | |
| Faults to be avoided | Refusal to stand. Dropping girth or reins. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control the girth or loss of control of horse. | | | | |
| <p>Faults 0 – Accomplished, girth tightened on first attempt. Faults 1 – One failed attempt: did not change girth length, dropped girth or billets. Help in controlling horse for safety is not a fault. Faults 2 – Two failed attempts: any two of the above. Faults 3 – Three failed attempts: any three of the above. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |
| Marking Scheme | 7 – 0 faults 4 – 1 fault 1 – 2 faults 0 – 3 faults | +3 – Excellent +2 – Very good +1 – Good 0 – Average -1 – Poor -2 – Bad | -3 – Brutality or dangerous conduct -1 – At discretion of station judge | E+S-P If E=zero, total must be zero Cannot be < zero | |

PHASE C – PVT STATION RECORD SHEET

| | | | | | |
|---|--|---|--|--|--|
| D-3 ADJUSTING STIRRUPS WHILE MOUNTED | | | | | |
| Features | Safe enclosed area with adequate personal to help control horse in failed efforts to adjust stirrups while mounted. | | | | |
| Equipment | Station number; four appropriate markers for zone. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to stand. A regard for safety on part of rider. Ability to adjust stirrups and with due care for the horse. | | | | |
| Faults to be avoided | Refusal to stand. Dropping stirrup leathers or reins. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to adjust stirrups, loss of control of horse. | | | | |
| Faults 0 – Accomplished, stirrups adjusted on first attempt. Faults 1 – One failed attempt: stirrup length not altered, stirrup leather dropped. Help in controlling horse for safety is not a fault. Faults 2 – Two failed attempts: any two of the above. Faults 3 – Three failed attempts: any three of the above. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task | | | | | |

| | | | | | |
|--|---|---|--|---|--|
| D-6 | HALT FROM WALK AND MAINTAIN HALT FOR 5 SECONDS | | | | |
| Features | Safe enclosed area. Flags designate start and finish. Markers designate halt box. | | | | |
| Equipment | Pair of red and pair of white flags; station number; 2-4 markers. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to halt as directed. A regard for safety on part of rider. Ability to walk and direct horse to a specific point, halt and maintain halt with due care for the horse. | | | | |
| Faults to be avoided | Refusal to walk on or halt. Refusal to be directed. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control halt and walk or direct the horse. | | | | |
| <p>Faults 0 – Accomplished, horse walked in a straight line from point to point and halted on first attempt; maintained halt for 5 seconds. Faults 1 – One failed attempt: not a straight line, refused to walk, refused to halt; did not maintain halt for 5 seconds. Faults 2 – Two failed attempts. Faults 3 – Three failed attempts. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |

PHASE C – PVT STATION RECORD SHEET

D-7 **SHORTEN THE REINS AT THE HALT**

| | |
|-------------------------------------|---|
| Features | Safe enclosed area. Markers to designate halt box. |
| Equipment | Station number; four appropriate markers. |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. |
| Important points to look for | Calmness, obedience and willingness of horse to halt and remain in halt. A regard for safety on part of rider. Ability to shorten the reins safely with due care for the horse. |
| Faults to be avoided | Refusal to halt. Dropping or letting go of reins. Dangerous conduct on the part of horse or rider. |
| Elimination | For safety, inability to control halt or reins. |

Faults 0 – Accomplished, horse halted and reins shortened on first attempt.
 Faults 1 – One failed attempt: horse refused to remain in halt; reins not shortened evenly; reins dropped.
 Faults 2 – Two failed attempts.
 Faults 3 – Three failed attempts.
 Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse.
 Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse.
 Good: completed with repeated effort
 Average: partially completed with repeated effort
 Poor: little effort applied to task
 Bad: little interest or effort applied to task

PHASE C – PVT STATION RECORD SHEET

| | |
|-------------------------------------|--|
| D-8 | WALKING OVER POLES ON THE GROUND |
| Features | Safe enclosed area. Flags designate start and finish. Ground poles adjusted to appropriate distance for size of horse. |
| Equipment | Pair of red and pair of white flags; station number; five ground poles, minimum length 2.5m. |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. |
| Important points to look for | Calmness, obedience and willingness of horse to be directed in straight line over the poles. A regard for safety on part of rider. Appropriateness of leg to hand aids on part of rider. |
| Faults to be avoided | Refusal to be directed in a straight line and remain at walk. Dangerous conduct on the part of horse or rider. |
| Elimination | For safety, inability to control horse. |

Faults 0 – Accomplished, horse walked steadily at even pace in a straight line down the centre of the poles.
 Faults 1 – One failed attempt: horse did not wish to go over poles; was crooked, knocked poles.
 Faults 2 – Two failed attempts.
 Faults 3 – Three failed attempts.
 Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse.
 Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse.
 Good: completed with repeated effort
 Average: partially completed with repeated effort
 Poor: little effort applied to task
 Bad: little interest or effort applied to task

PHASE C – PVT STATION RECORD SHEET

| D-9 PUTTING A HALTER ON OVER A BRIDLE IN ORDER TO TIE A HORSE | | | | |
|---|---|---|---|---|
| Features | Safe enclosed area. Markers to designate halt box | | | |
| Equipment | Station number; four appropriate markers; halter and lead for those who do not have their own. | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | |
| Important points to look for | Calmness, obedience and willingness of horse to be tacked up. A regard for safety on part of rider. | | | |
| Faults to be avoided | Refusal to stand for tacking up. Dangerous conduct on the part of horse or rider. | | | |
| Elimination | For safety, inability to control horse. | | | |
| <p>Faults 0 – Accomplished, horse tacked up with reins and lead safe. Faults 1 – One failed attempt: horse did not accept halter; rider unable to put halter on and fastened. Faults 2 – Two failed attempts. Faults 3 – Three failed attempts. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | |

| D-10 | | TYING A QUICK RELEASE KNOT | | | |
|--|---|---|--|---|--|
| Features | Safe enclosed area. Actual or facsimile of tying-up post or rail. | | | | |
| Equipment | Station number; ring or rail for tying horse safely; halter and lead for those who do not have one. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to be tied to ring. A regard for safety on part of rider. Correct quick release. | | | | |
| Faults to be avoided | Refusal to stand and tie. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control horse. | | | | |
| <p>Faults 0 – Accomplished, correct quick release tie, horse stands quietly. Faults 1 – One failed attempt: horse does not agree to stand tied; quick release fails; leads dropped and horse is not tied safely. Faults 2 – Two failed attempts. Faults 3 – Three failed attempts. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |

| D-11 | | NAME AND POINT OUT FIVE PARTS OF THE HORSE | | | |
|---|--|---|--|---|--|
| Features | Safe enclosed area. Personnel willing to hold horse for rider. | | | | |
| Equipment | Station number; points of horse reference chart for station judge. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the knowledge of the rider. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to stand. A regard for safety on part of rider. | | | | |
| Faults to be avoided | Refusal of horse to stand. Dangerous conduct on the part of horse or rider. Lack of knowledge on part of rider | | | | |
| Elimination | For safety, inability to control horse. | | | | |
| <p>Faults 0 – Accomplished, horse stood, five parts named and pointed out correctly. Faults 1 – One failed attempt: one part incorrectly named and pointed out or not named. Faults 2 – Two failed attempts: two parts incorrectly named and pointed out or not named. Faults 3 – Three failed attempts: three parts incorrectly named and pointed out or not named. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse or to name parts. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |
| Marking Scheme | 7 – 0 faults 4 – 1 fault 1 – 2 faults 0 – 3 faults | +3 – Excellent +2 – Very good +1 – Good 0 – Average -1 – Poor -2 – Bad | -3 – Brutality or dangerous conduct -1 – At discretion of station judge | E+S-P If E=zero, total must be zero Cannot be < zero | Refer to diagram of points: Poll Forelock Eyes Muzzle Nostril Chest Elbow Forearm Knees Cannon bone Fetlock Pastern Coronet Hoof Crest Mane Neck Withers Shoulder Back Loins Barrell Hips Croup Dock Tail Stifle Gaskin Hock Chestnuts |

PHASE C – PVT STATION RECORD SHEET

| | | | | | |
|---|--|---|---|---|--|
| D1-4 | LEAD IN HAND WITH BRIDLE REINS AT WALK | | | | |
| Features | Safe enclosed area. Flags designate start and finish. Markers to designate set track with turns. | | | | |
| Equipment | Pair of red and pair of white flags; station number; 6-10 appropriate markers. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to lead in a straight line and turn on command. A regard for safety on part of rider. Ability to lead safely with due care for the horse. | | | | |
| Faults to be avoided | Refusal to be led. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control direction or gait. | | | | |
| <p>Faults 0 – Accomplished, horse led at walk on first attempt. Faults 1 – One failed attempt: horse did not lead in straight line, did not turn, did not halt, or refused to remain at walk. Faults 2 – Two failed attempts: any two of the above. Faults 3 – Three failed attempts: any three of the above. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |
| Marking Scheme | 7 – 0 faults 4 – 1 fault 1 – 2 faults 0 – 3 faults | +3 – Excellent +2 – Very good +1 – Good 0 – Average -1 – Poor -2 – Bad | -3 – Brutality or dangerous conduct -1 – Flapping stirrup irons -1 – At discretion of station judge | E+S-P If E=zero, total must be zero Cannot be < zero | |

PHASE C – PVT STATION RECORD SHEET

| D1-5 | | RIDING AT TROT ALONG A SET TRACK | | | | |
|---|--|---|--|---|--|--|
| Features | Safe enclosed area. Flags designate start and finish. Markers to designate set track. | | | | | |
| Equipment | Pair of red and pair of white flags; station number; 4-10 appropriate markers. | | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to trot in a straight line as directed. A regard for safety on part of rider. Ability to trot and direct horse with due care for the horse. | | | | | |
| Faults to be avoided | Refusal to trot. Refusal to be directed. Dangerous conduct on the part of horse or rider. | | | | | |
| Elimination | For safety, inability to control the trot or direct the horse. | | | | | |
| Faults 0 – Accomplished, horse trotted in a straight line along set track and made appropriate turns as directed on first attempt. Faults 1 – One failed attempt: not a straight line, refused to be directed, refused to trot. Faults 2 – Two failed attempts: any two of the above. Faults 3 – Three failed attempts: any three of the above. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task | | | | | | |

| | | | | | |
|--|---|---|--|---|--|
| D1-6 HALT FROM WALK AND MAINTAIN HALT FOR 5 SECONDS | | | | | |
| Features | Safe enclosed area. Flags designate start. Markers to designate halt box. | | | | |
| Equipment | Pair of red and white flags; station number; four appropriate markers; stopwatch. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to halt as directed. A regard for safety on part of rider. Ability to walk and direct horse to a specific point, halt and maintain halt with due care for the horse. | | | | |
| Faults to be avoided | Refusal to walk on or halt. Refusal to be directed. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control halt and walk or direct the horse. | | | | |
| <p>Faults 0 – Accomplished, horse walked in a straight line from point to point and halted on first attempt; maintained halt for 5 seconds. Faults 1 – One failed attempt: not a straight line, refused to walk, refused to halt; did not maintain halt for 5 seconds. Faults 2 – Two failed attempts. Faults 3 – Three failed attempts. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |

| D1-8 | | SHORTEN THE REINS AT THE WALK | | |
|---|---|---|--|---|
| Features | Safe enclosed area. Flags designate start and finish. Markers designate task box. | | | |
| Equipment | Pair of red and pair of white flags; station number; four appropriate markers. | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | |
| Important points to look for | Calmness, obedience and willingness of horse to continue to walk straight while reins being shortened. A regard for safety on part of rider. Ability to shorten the reins safely with due care for the horse. | | | |
| Faults to be avoided | Refusal to continue to walk. Dropping or letting go of reins. Dangerous conduct on the part of horse or rider. | | | |
| Elimination | For safety, inability to control walk or reins. | | | |
| <p>Faults 0 – Accomplished, horse walked in a straight line and reins shortened on first attempt. Faults 1 – One failed attempt: horse refused to remain in walk; reins not shortened evenly; reins dropped. Faults 2 – Two failed attempts: any two of the above. Faults 3 – Three failed attempts: any three of the above. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | |

PHASE C – PVT STATION RECORD SHEET

| D1-9 | | TROTTING OVER POLES ON THE GROUND | | | |
|---|--|---|--|-----------------|---|
| Features | Safe enclosed area. Flags designate start and finish. Ground poles adjusted to appropriate distance for size of horse. | | | | |
| Equipment | Pair of red and pair of white flags; station number; five ground poles, minimum length 2.5m. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. | | | | |
| Important points to look for | Calmness, obedience and willingness of horse to be directed in straight line over the poles; balance over poles. A regard for safety on part of rider. Appropriateness of leg to hand aids on part of rider. | | | | |
| Faults to be avoided | Refusal to be directed in a straight line and remain at trot; knocking poles. Dangerous conduct on the part of horse or rider. | | | | |
| Elimination | For safety, inability to control horse. | | | | |
| <p>Faults 0 – Accomplished, horse trotted steadily at even pace in a straight line down the centre of the poles. Faults 1 – One failed attempt: horse did not wish to go over poles; was crooked, knocked one pole. Faults 2 – Two failed attempts: refused twice to go over poles; knocked two poles. Faults 3 – Three failed attempts: refused three times to go over poles; knocked three poles. Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse. Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse. Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task</p> | | | | | |

PHASE C – PVT STATION RECORD SHEET

| | |
|-------------------------------------|---|
| D2-1 | MOUNTING AND DISMOUNTING |
| Features | Adequate personnel to help control the horse if required. Markers designate halt box. |
| Equipment | Station number; four markers; mounting block. |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's technique. |
| Important points to look for | Calmness, obedience and willingness of horse to stand. A regard for safety on part of rider. Ability to mount safely and with due care for the horse. |
| Faults to be avoided | Refusal to stand. Falling out of stirrup, losing control of reins. Dangerous conduct on the part of horse or rider. |
| Elimination | For safety, inability to mount or loss of control of horse. |

Faults 0 – Accomplished, horse mounted on first attempt. Mounting block is acceptable for small riders on large horses.
 Faults 1 – One failed attempt: unable to get up on horse. Help in controlling horse for safety is now considered a fault.
 Faults 2 – Two failed attempts.
 Faults 3 – Three failed attempts.
 Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly with complete control of horse.
 Very Good: completed on first attempt with effort, concentration, attention and extra effort to control horse.
 Good: completed with repeated effort
 Average: partially completed with repeated effort
 Poor: little effort applied to task
 Bad: little interest or effort applied to task

PHASE C – PVT STATION RECORD SHEET

| | | | | | |
|---|--|---|--|-----------------|--|
| D2-8 | | RIDE DOWN AN INCLINE AT WALK | | | |
| Features | Natural or man-made even incline (no steps); sloped maximum 30 degrees; maximum 6 m; minimum 4m wide | | | | |
| Equipment | Pair of red and pair of white flags; station number; penalty zone markers optional. | | | | |
| Aim | Highlighting the calmness, obedience and willingness of the horse and the appropriateness of the rider's aids | | | | |
| Important points to look for | Regular pace and good balance of the horse Good position of rider (vertical over the centre of gravity and a light seat) Horse stays straight in line with the axis of the slope | | | | |
| Faults to be avoided | Break in forward movement (change of pace, breaking of stride) Dangerous conduct Loss of balance Horse not straight | | | | |
| Elimination | For safety, two falls on course or lack of fitness will result in elimination | | | | |
| Faults 0 – Accomplished, walked through calmly and straight through the markers Faults 1 – One failed attempt: halted, refused to proceed through ditch, left the penalty zone, excessive speed, breaking of stride. Faults 2 – Two failed attempts Faults 3 – Three failed attempts Excellent: completed on first attempt with confidence, ease, familiarity and effortlessly Very Good: completed on first attempt with effort, concentration, attention Good: completed with repeated effort Average: partially completed with repeated effort Poor: little effort applied to task Bad: little interest or effort applied to task | | | | | |
| Marking Scheme | 7 – 0 faults 4 – 1 fault 1 – 2 faults 0 – 3 faults | +3 – Excellent +2 – Very good +1 – Good 0 – Average -1 – Poor -2 – Bad | -3 – Brutality or dangerous conduct -1 – At discretion of station judge | E+S-P | If E=zero, total must be zero Cannot be < zero |
